COVID-19 Antiviral Treatment

| Positive for COVID-19?

The Wisconsin Department of Health Services, in partnership with Color, is offering free telehealth visits to determine whether COVID-19 treatment is right for you.

Antiviral treatment is for people with mild to moderate COVID-19 who are within 5 days of symptom onset. COVID-19 treatment can help reduce your chance for severe disease and prevent hospitalization.

If treatment is prescribed by a clinician during your telehealth visit, you can choose to have your prescription delivered within 24 - 48 hours or made available for pickup at a local pharmacy.

To start the free visit, use your smartphone or a computer to go to:

color.com/covid-19-treatment-wi

Or scan the QR code with your smartphone camera

You can also call the hotline at **833-273-6330**

| How it works

Step 1
Go to color.com/covid-19-treatment-wi or call 833-273-6330 and tell us about your symptoms

Step 2
Join the video or phone call

Step 3
If you're prescribed antiviral treatment, pick it up at your local pharmacy or get home delivery

Telehealth hours are **8:00am to 8:00pm CT**, 7 days a week.

For more information about the program, please visit the Wisconsin Department of Health Services treatment page: **dhs.wisconsin.gov/covid-19/treatments.htm**
